My name is Elton but frineds call me zab . I am 20 tender guy and my heart is full with love. I'd like to present it to only one special gril . I know that I'll be perfect guy: careful, sensual and faithful. I'll awake you with soft kisses, I'll prepare for you delisious dishes. If you was tired from negative emotions and cruel people and dream about family warm that's why you are on right way. Now our future is on your hands.
