
BBC Documentary on Sexuality and Weight

Posted by Prospect_Pictures - 2011/07/04 15:55

My name is Kelsy and I'm from a documentary television company called Prospect Pictures. We're developing a documentary for the BBC looking at the issues of weight and sexuality.

As part of the film, we're keen to explore the relationships between feeders and feedees based in the UK. This is a serious documentary and the issues will be sensitively handled.

I wonder whether anyone might be able to help or point me in the right direction? Anyone willing to share a personal story will also be very welcome. I'd be extremely grateful for any help you might be able to offer.

All information will be treated in the strictest confidence and should I speak with anyone it in no way commits them to taking part in the documentary at this time.

You can contact me on kelsy.franklin@prospect-uk.com and 0208 563 6923.

Thank you so much in advance for any help you may be able to offer,

Best wishes,
Kelsy
